General Report Comments: I went to do recheck to see how the brindle female terrier x is doing,I found the owner Selwyn at home. Selwyn has installed the runner. Selwyn told me that he tried to keep her loose but she always gets out of the property that's why he put her on the runner. The female can access her shelter and has more space to move around. Water bowl is also clean with water. Body condition is acceptable and the dogs living area is clean. NFA until further notice.
