General Report Comments: I saw that they put Krummels on a longer rope and he has a collar around his neck. Mrs. Swartz told me that she has asked people for wire but nobody will help her with the wire,she has instead got a longer rope and a collar. Krummels can now reach the porch where before he couldn't. I know it's not ideal but at least the owner has done something. Mrs. Swartz told me that if she gets the wire she will put Krummels on a runner but for now this is the best that she can do with what she could get. Water and shelter is available. Body condition is acceptable and Krummels living area is clean. NFA until further notice.
