General Report Comments: On my arrival in Moorreesburg doing animals welfare inspection door to door, I went to house no 96 Palmboom street, I was welcomed by Mrs Chantelle Meyer, I introduced myself and explained my visit to her property.
I then observed a black+white female Africanis dog of +-2 months named Bluffy.
Bluffy was lying on the ground and she appeared physically looking sick and heavily breathing , in question, I asked Mrs Chantelle how long was fluffy sick, she said Bluffy started to get sick in the morning same day.
Shelter was available, water was available, and living environment was cleaned.
In question again, I asked Mrs Chantelle if will be able to render adequate veterinary treatment for Bluffy, unfortunately she said can't afford adequate veterinary treatment, there she surrendered Bluffy and I took Bluffy to the spca Darling and was humanely euthanized , see admission no E3589.
