General Report Comments: I observed this adult black female pitbul X dog running in the street and I followed her up until she went to house number 6 Kwikkie street. Willemina was at home and informed me that the dog belongs to her daughter and she was advised by her to surrender the dog. I observed fresh drinking water. The dog has a skin problem that needed to be treated. Willemina surrendered the dog named Temmy. There is a GSD X puppy left on the property that does not have shelter. I issued a warning advising Willemina to provide adequate shelter for the puppy and to in future provide vet treatment for any sick animal in her possession. I later found out that my colleague Inspector October was also at the same property previously and he issued a warning. I am closing this case as there is another open case for the same property.
