General Report Comments: There are two dogs on this property but both dogs are always in the streets because the property is not properly enclosed. I only observed the dog named Jessy as the other dog was not at home. The dog named Jessy is injured on her back and she didn't receive any veterinary treatment. I issued a warning advising Mr Llewelyn to provide veterinary treatment in future for any sick or injured animal in his possession. I will do a recheck just to assess the body condition of the dog which I didn't see. Jessy was surrendered to the SPCA
