General Report Comments: I went to do a routine inspection at Pikkewyn petshop in Vredenburg. The owner Joshlin Rossouw was present during my inspection. The animals at the petshop all have food, water and shelter available. No sick, dead or injured animals were observed. Fish tanks are clean with appropriate water levels, filters are also in working order. The hamsters and the rats cages were clean with fresh food, water, hiding space and bedding. The 2x ring necks were sitting on top of their enclosure. Their enclosure was also clean with fresh food and water available. Attached is a checklist that I've completed. Will do a routine recheck in a couple of months time.
