Comments:	I went out to collect the injured dog and after the owner admitted that the dog's condition has been like this for the past week I had to issue a written warning advising Ms Eunice Farao to seek vet treatment in future for any sick or injured animal in her care or seek assistance as soon as possible rather than taking long to help the injured dog. The warning number is W6224 and the admission number is E1537. There is no animals left on the property
