Comments: I went back and there was a young boy who is about 10-12years old and he informed me that his parents are working in Cape Town. He gave me his mother's phone number and I contacted her. She informed me that the dog is in a room not a garage. She informed me that her son can't control the dog hence the reason keeping him indoors as he is a pitbul and jumps out of the property and attack other dogs being walked by their owners. Mrs Andisiwe Mpafi informed me that she comes home at around 21:00 everyday and she will be at home on monday. I will recheck over the weekend if I get a call in Vredenburg as I am on standby.
