General Report Comments: Mrs. Rossouw the owner was not at home, but her son granted me access to the property. On the property I observed 1x tan terrier x male called Rusty. Rusty is a bit underweight and he has a skin problem. Water and food is available. Rusty's shelter is also not adequate and needs to be fixed. I issued warning W6301, to provide Rusty with adequate shelter, to provide adequate treatment for the skin problem and to provide Rusty with puppy food so that he can put on some weight. Will follow-up.
