General Report Comments: On my arrival, I was welcomed by Mr Frans Dickinson, I introduced myself and explained my visit to his property, I then observed 2 Africanis male dogs named Buddy and Blacky. Buddy appeared injured on the front right leg, and Black appeared physically looking good in condition with no veterinary problems or health concerns. The owner surrendered Buddy because he said can't afford veterinary treatment, I then took buddy and brought it to the spca Darling and was humanely euthanized. I also with the owners concerned collect Blacky to sterilize on behalf of the owner, see both admission no E1943 and E1942.
