General Report Comments: Mrs Elani Louw was at home and she allowed me in. There are two dogs on this property and both are in a good and acceptable body condition. Their vaccinations are up to date. The female Labradoh dog named Tracey is sterilized but the Jack Russel male dog named Blot is not sterilized . I observed fresh drinking water,shelter and food. Mrs Elani Louw informed me that she knows who the complainant is and she showed me a video where one of her neighbours were banging a stainles steel dog food bowl against the wall and when the dogs started barking then she started recording them. Mrs Elani informed me that she didn't see the warning which I issued and placed it tightly on her gate. There is no contravention of the APA
