General Report Comments: On my arrival, I was welcomed by Mr Nicholas Lewis the owner, I observed the same previous dogs(other female roaming freely inside the property and the Male was on a static light chain of +-6 meters long to the collar (the dog was on a static chain because it is aggressive according to the owner)).
The dogs appeared physically looking good in condition with no veterinary problems or health concerns.
The owner did complied by providing the dogs with adequate shelter, and adequately constructed the static pole deeply enough into the ground.
Water was available and living environment was cleaned .
