General Report Comments: On my arrival in Moorreesburg doing animals welfare inspection door to door, I went to house no 38 Renonkel street Moorreesburg, there I was welcomed by Mr Julian Pieters the owner of the dog that I observed.
I introduced myself and explained my visit to his property, I then observed a white male Africanis dog of 5 years old named Ben, shelter was available, water was available and living environment was cleaned. Ben was on a static light chain of +-5 meters long to the collar because the property was not adequately fenced.
The owner said he wanted to get rid of Ben because Ben is not picking up weight in terms of body scoring, i then took the dog as a surrender and brought it to the spca Darling and was humanely euthanized, see admission no E1940. I then educated the owner that he must contact the spca on 0224922781 in future should he come across to get rid of his animal/s or related.
