General Report Comments: There is two dogs on the property. The male dog named Danger was bitten by another dog from outside the property. He was injured and after receiving the complaint he promised that he was going go take the injured dog to the vet. I then tried calling him to confirm if he took the dog but he was ignoring me so I decided to go to his property. The dog was taken to the Vet and Maggie paid the vet fees. I will do a recheck to see if the wound is healing.
