General Report Comments: I went to do another recheck to see if Danger the Pitbull male is still missing. Upon my arrival I found Mr. Mowers at home. I asked Mr. Mowers why nobody has contacted me regarding Danger and he told me that they haven't received the warnings that I have left. Danger was on the property,his chain has been extended and the wound is busy healing because it is dry. I asked Mr Mowers where Danger was and he told me that they keep him inside the house when they go out because he broke loose twice when they were not at home. Mr. Mowers said that they have extended Dangers chain because he could not find strong enough wire for a runner. Mr. Mowers then went inside and came out with the treatment they bought for Dangers wound. The wound is healing nicely and it's starting to dry out. Will do one more recheck to see if Danger is still okay.
