VETERINARY PROBLEMS / HEALTH CO	Yes ***	Possibly mange
CONFINEMENT OF ANIMALS	Free roaming - property not adequ	

General Report Comments: On my arrival in Malmesbury illengulethu phase 3 doing animals welfare inspection door to door, I went to the house in jamesMaroka street, I was welcomed by Mrs Naom Mthembu a tenant in the property, i introduced myself and explained my visit to the property, the owner was not available but already went to work according to Mrs Naom.
I then observed a brown female dog that appeared physically not looking good in condition (possibly mange), the dog was roaming freely in and outside the property because the property was not adequately fenced and had no gate. Shelter available and living environment was not cleaned (loose pieces of sponge lying around in the kennel).

I then issued a notice to comply and gave it to Mrs Naom of which she did accepted and signed the notice to hand it over to the owner of the dog. See attached notice no I5900.
