General Report Comments: On my arrival in Darling new Asla doing animals welfare inspection door to door , I went to house no 4650 Okeneurt street.
There I was welcomed by Mr Moses, of which I introduced myself and explained my visit to his property, I then observed 2 dogs in the property(black male terrier cross named Ruby, and brown+white male pitbull ned Oden).
Shelter was available, living environment was cleaned and water was available. Both dogs appeared physically looking good in condition with no veterinary problems or health concerns.
The dog were placed on adequate running chains to the collars (running wire of approximately 7 meters long with a light long chain of approximately 4 meters long),the reason the dogs are on running chains according to the owner, is that the property was not adequately fenced.
