General Report Comments: Field Officer Mpho Baloyi was doing pro-actives and he came across this dog which have what looks like cancer in his penis. Mpho tried to convince the owner (Otniel Dollie) to surrender the dog but he refused. Mpho contacted me and I went to the property where I met both Mpho and Otniel. I advised Otniel to either surrender the dog named Juke or take him to the vet within 24hours. I also advised Otniel that if he surrender the male dog then I can organize to have the female dig spayed. The body condition of the female dog is fair and acceptable. Juke also has what looks like a skin condition which is in it's early stages.
