General Report Comments: I went to do recheck on the black Collie x with the skin condition to see how he is doing and if there are more signs of improvement in the skin condition. Mr. Louw the owner was at home, the hair is definitely growing back but at a slow rate. I could see the difference since I've been there the last time. Water and shelter is available and both dogs body condition is acceptable. I will do another recheck to see how it is going.
