General Report Comments: Upon my arrival at the premises to be investigated, I was met by Mr Jonathan and Mrs Cina Davids, who are both family members residing on the property.

I introduced myself and explained the reason for my visit.

During the inspection, I observed one adult female Pitbull, brown and white in colour, and 3 puppies - one male and two females.

All the dogs appeared to be underweight on physical examination. Adequate shelter was available, the living area was clean, and potable water was available.

The dogs were confined to a small enclosure measuring approximately 2 meters by 3 meters. The adult female was further tethered on an inadequate static chain, approximately 3 meters in length, attached to her collar.

I then issued the owner with Notice to Comply, requiring him to:

1. Provide the animals with adequate food on a daily basis, with adequate food to be obtained within 24 hours from today; and
2. Untie/unchain the animals immediately to allow them to roam freely within the property, or to place the animals on a running chain within 4 days from today.....

The notice was handed to Mr Martin Claassen, who accepted and signed it. Refer to attached Notice No. I5157.
