General Report Comments: On my arrival, I was met by Mr Davids. I introduced myself and explained that my visit was for a follow-up welfare inspection.

I observed the same adult female dog with 2 puppies. The adult dog appeared to be physically underweight. Water was available and the living environment was clean .

The owner complied with the previous instructions by placing the adult dog on a running chain [5 meters long runner with a 5-meter light chain attached to the collar], which was adequately constructed. The owner also purchased 20kg of adequate dog food for the dogs.
