General Report Comments: I went to do a recheck on the border collie male because the complainant phoned again and said that nothing has changed around the dogs living conditions. I was met by the owner Sidney,the border collie is still loose on the property. Water,food and shelter is available. Body condition is acceptable. Sidney told me that the complainant wants to come onto his property whenever she feels like it to walk the dog,Sidney said that he has stopped it because the complainant is invading his privacy,now the complainant is mad. I contacted the complainant and she said that Sidney dies not walk his dog and that Sidney does give attention to the dog. I told the complainant that the only thing I can do is to educate people,and there is no law that says someone needs to walk his or her dog. NFA until further notice.
