ADEQUATE SPACE AVAILABLE	Yes
CLEAN LIVING ENVIRONMENT	Yes
ANIMALS IN GOOD CONDITION	Yes
VETERINARY PROBLEMS / HEALTH CO	No
CONFINEMENT OF ANIMALS	Free roaming - in property

General Report Comments:

On our arrival at the premises 316 Railway Street, Abbotsdale, Malmesbury, with my colleague Inspector Jameson, we were met by Mr Bern Macwaya, the owner. We introduced ourselves and explained the purpose of our visit.

Mr Macwaya granted us permission to conduct an animal welfare inspection on his premises.

During the inspection, two male dogs were physically observed roaming freely inside the premises:

1. A brindle Boerboel named Ronald - appeared physically in moderate to good body condition, scoring 3/5.
2. A brown and white Rottweiler named Zic - appeared physically in good body condition with no visible veterinary problems or health concerns.

The owner had taken the main front gate and placed it in the middle between the main house and the neighbour's precast wall, creating a partition to allow the dogs to roam freely inside the premises while still having access to shelter and shade at the house.

Water was available, shelter was available, and the living environment was cleaned. Adequate dog food was available(dog pallets).

The owner complied with the previous notice. He cleaned the living environment, removed the dogs from static chains, and provided the dogs with adequate shelter and freedom of movement. I educated the owner about sterilization but he refused not to get his dogs sterilized anytime soon.

ACTIONS

OWNER EDUCATED

REPORT OUTCOMES

No welfare concerns found - NFA

OWNER COMPLIED
