General Report Comments: The SPCA received a complaint about monkeys and parrots that are being kept in cages . I received a call from Donnie Malherbe who works for Cape Nature,Donnie asked me to met him in Saldanha because he wanted to discuss the case with me because they also received the same complaint. After I've spoken to Donnie,law enforcement officer Gerber contacted me and said that they have received a complaint about monkey's and asked if I can accompany them,I told Gerber to meet me in Saldanha. I met Donnie at Harcourts real estate,because Donnie wanted to find out more about the people renting at this property. Donnie told me that the name of the person sounds familiar and that Cape Nature has dealt with this lady before when she was in Joostenbergvlakte. Donnie decided that we must get a warrant because if this lady is not in possession of a permit that he wants to confiscate the animals. We left Saldanha for Vredenburg Magistrate Court,Donnie did his affidavit for a warrant. Donnie was successful in obtaining a warrant. We Vredenburg for Saldanha and went to SAPS to accompany us. We proceeded to the address in question. Upon arrival we were met by Mrs. Van Zyl who is rh owner of th animals. On the property I observed 8x Caphucin monkeys,3x Squirrel monkeys,5x Marmoset,2x Tamrins,2x Chow Chow adult dogs,1x Dashund,1x Yorkie,1x Border collie,2xTabby female DSH cats and 14x different parrot species. The body conditions of all the animals on the property is acceptable,no sick,injured or dead animals was observed. The parrots and monkeys enclosures was dirty and the monkeys dis not have any water. Mrs. Van Zyl was in possession of a permit. Mrs. Van Zyl said that this is only temporary and that the animals will move to a small plot in Jacobsbaai also in the SBM municipal area. I issued warning W6319 to clean the cages of the monkeys and birds and to provide the monkeys with water. Will follow-up.
