General Report Comments: On my arrival, I met Mr David Smith, I introduced myself and explained my visit. Mr David was rude to me of which he did not want to talk to me in a good way. He refused e an entry to his property. I then observed through the fence a brown Africanis dog on adeqate static light long chain of about 5 metres long to the collar (green plastic/rubber pipe). The dog appeared physically looking underweight, water was available but dirty and living environment was cleaned. I then contacted y colleague inspector October to notify him that the owner doesn't want to accept the notice. Mr October then advised me to leave the notice to comply on the fence. I then issued a notice to comply no I005913 for the owner to: 1) provide the animal/s with adequate food on a regular basis, 2)provide the animal/s with sufficient potable water 24 hours a day (the water bowl must also be cleaned inside all the times) Refer attached notice to comply.
