| CONFINEMENT OF ANIMALS          | Static Chain - inadequate length ** | The owner of the dogs was not at home to explain |

General Report Comments: Mr Willie Matrose was said to be at work and his son who introduced himself as Willesth Bester was at home. There are two female dogs on this property and both are on short static chains without collars. Both dogs body condition is poor and needs to improve. I observed fresh drinking water and shelter. There is no swivels on the chains. The living environment is clean. I issued a warning advising Mr Matrose to:

- (1)remove both dogs from the short chains
- (2)provide swivels on both ends of the chain
- (3)provide adequate food for both dogs
