General Report Comments: On arrival at the premises, I was welcomed by Mr. John Dyason. I introduced myself and explained the purpose of my visit.

I then observed 4 x chickens housed in an adequate cage. The cage was clean inside, and both water and food were available.

During the inspection, I further observed:

1. Female Pitbull cross named Layla, 2 years old, with 9 x puppies, 3 weeks old, all black and white in colour.
2. Male, black and white Pitbull cross named Bullet, 2 years old.

All the animals appeared to be in good physical condition, with no visible veterinary problems or health concerns. Water and shelter were available, and the living environment was clean.

I attempted to convince the owner to surrender the puppies, or some of the puppies, but he refused, stating that the puppies already have owners.

I then educated the owner regarding sterilization, to which he agreed. He requested that I return after 6 weeks to collect the female, Layla, for sterilization.
