General Report Comments: I saw this black Pitbull x male going inside a yard while driving,I noticed that the dog has a severe skin problem. I stopped,hooted and a man who introduced himself as Mr. Snyders came out. I asked Mr. Snyders if the dog that just went inside the property belongs to him and he said yes,I asked Mr. Snyders why the dog is in such condition and if he is treating the dog. Mr. Snyders replied and said that the dog does belong to him and that he has tried everything to help the dog with the skin problem but nothing seems to work. I issued warning W6313 to provide the dog with adequate veterinary treatment and not home remedies that is clearly not working. Mr. Snyders then decided to surrender the dog called Lastag. Refer to admission E1302. No other animals was seen on the property. NFA until further notice.
