| CONFINEMENT OF ANIMALS          | On running chain | Property is not fully enclosed |

General Report Comments: I was met by Theresa on the property. Theresa told me that she has received the warning and that her husband installed a runner for the dog. The brown and white terrier x male is on a running wire with a collar. The owner has even put a piece of wood on top of the kennel so that the dogs water can be in the shade. Living area is also clean. Body condition is acceptable. NFA until further notice.
