General Report Comments: I saw 1x black terrier x female with what appears to be mange. I stopped and entered the property,a lady who introduced herself as Mrs. Arendse who is the owner of the dog. I asked Mrs. Arendse if they are treating the dog for the mange and she said no she does not have money. I told her that if she can't afford treatment for the dog that she should rather surrender the dog ,which she then did. Refer to admission E1307. No other animals on the property. NFA until further notice.
