General Report Comments: While doing door to doors a man stopped me and ask if I can't come and have a look at his dog,he told me that there is something growing from his dogs private parts. I went with Mr. De Waal,on his property I saw 1x brown Boerboel x female with what appears to be a prolapse. I asked Mr. De Waal if the dog was on heat and he said yes but he doesn't know of there was a male dog on his property. I told Mr. De Waal that the female dog called Cindy needs to get to a vet immediately ,Mr. De Waal told me that although he wants to help his dog , financially it's not going well with him and he asked me if he can surrender Cindy,I told him yes he can. Refer to admission E1314. NFA until further notice.
