General Report Comments: The dog named Oubas is on a very short static chain with a collar around his neck. He is using a verandah as shelter which is not adequate especially when there is strong winds. Oubas's body condition is fair and acceptable. I observed clean drinking water under the verandah. I issued a warning advising Mr Thys to:
(1) provide adequate shelter for Oubas
(2) untie Oubas or set up a running chain with swivels on both ends of the chain
