Comments:	The dog ran away. I came to the Sandton SPCA and got some sedative to put in its food. The dog ate the whole food and the 8ml sedatives. I had to wait for 3 hours and the dog did not sleep. It was staggering and when I came closer it will run away. I had to contact John and Thabang to come and help me with cornering but we did not succeed. I had to leave the dog. I will speak with the clinic manager to discuss what to do.
