General Report Comments: Upon arrival the dog appeared to be in good condition. The owner told me that she comes 3 or 4 times a week but his brother stays in the property, every day after work he comes to sleep in the property but during the day there is nobody. I spoke to her about the dog crying in distress and she told me the dog had living in the property for 2 years and it does not cry in distress it only barks when people are passing by. I contacted the owner to also contact the environmental health department.
