| VETERINARY PROBLEMS / HEALTH CO | No                         |

General Report Comments: Upon arrival the had to the dogs on a leash because he told me that when he opens the gate they run away. I spoke to the owner about his dogs making noise at night and told me in the past month he was caging his dogs because they got out through the gate which is made of palisade fencing and goes to the street. He bought some wire fencing and covered the gate so now they roam freely inside the property.
