General Report Comments: Upon arrival at the property the dogs appeared to be in good condition. The owner did agree that her dog killed a cat because the cat came into her property and they are not used to cat. She took the cat to the vet because she did not know the owner of the cat. She also agreed that it attacked another dog because her dogs went out by mistake and they attacked a yorkie. I had to educate the owner that she needs to make sure that when she opens the gate her dogs are inside the house and the door is closed or they are at the back property.
