General Report Comments: Upon arrival at the property the 5 dogs were observed in the property. They appeared to be in good condition except for the Rottweiler which appeared to be slightly underweight. The owner told me that she has been with the dog for three weeks and its gaining weight. She got the dog from a friend. She told me that her for the first days the Rottweiler was fighting the smaller dogs and now they are fine together. The dogs also bark when they see people which they do not know. She told me that her dogs had never caused any havoc to the neighbours and they do not go out of the property. I will do a follow up and see if the dog is gaining weight.
