General Report Comments: At the property, Mrs Bazzila attended to me at the gate and introduced myself and the reason for my visit. The dogs are held at the back while using front yard for parking. There were 5 dogs in total; 3 at the back and 2 {pup} were kept indoors. The dogs appeared to be in a fairly acceptable condition but there was no water provided. A vacant room that was still under construction was provided as shelter for the dogs. I convinced the owner to surrender the at least 3 dogs to Sandton SPCA. She surrendered the 3 dogs to us and I offered her to sterilize the remaining dogs she said she will speak to her husband and call me.
