General Report Comments: Upon arrival the dog appeared to be in good condition. Robert Nel the neighbour told me that he looks after the dog. He comes to feed the dog, give it some water and take the dog for a walk. He told me that the owners asked him to look after it but he does not have their contact details and he does not know their names. They also did not tell him when they are coming back. I had to leave a warning note for the owner to contact me when they come back so that I can educate them regarding sterilising the dog.
