General Report Comments: Arrived at the complex and spoke with the owner through the intercom who said he will inform his fiancé to open for me. A few minutes later, his fiancée opened the gate for me and walked me through to her unit no. 13 The Sanctuary where I found 2 of their dogs. The couple stayed in a duplex unit including a front and a back garden. Ms Darlings works from home and she had bedding for the dogs next to her with plenty of toys in the garden. The yard was of adequate space for both their dogs. No violation of the APA was found. The complainant complained about the dogs barking when they see anyone moving passed their gate.
