General Report Comments: Upon arrival I saw 1 dog abd and 3 cats which are semi feral and he has 6 cats in total which are all sterilised. He also told me that there are some feral cats which comes to eat the left overs for his cats which feeds outside. I had to educate him to also sterilise the ferals as he is the one who who feeds them to prevent some colonies. He told me he cannot do that because his cays are sterilised.
