General Report Comments: Upon arrival 2 dogs were observed in the property. The male dog Bob had some bite wounds. I asked the owner about the dog bite wounds and he told me that the dog was lost on the 17/12 /2021 and he found it on the 16/01 /2022 in Bryanston vet hospital with new bite wounds. He reported the to the Sandton SPCA and they told him if the vet or spca find the dog they will contact because it has a microchip. The dog got some treatment from the vet for bite wounds.
