CHECKLISTS

General Report Comments: Francis did call me and made arrangement for me to come and meet his wife and collect the rabbits as he is in USA. Upon arrival no animals were found in the property. Lydia told me that his husband had built an enclosure for the rabbits and all of them went out of the enclosure and the property. Her husband is out in USA and the neighbours told her that they saw them on the street but she was not able to catch them. I checked outside the property and found nothing. There is a big property which was Damelin property which has some bush which she told me they went to but I did not find them. Lydia promised to contact me if they come into the property.
