General Report Comments: Upon arrival at the scene the dog, Pitbull type, male, tan colour was found at 3365 Far East Bank flat. According to the owner of the property, Kedibone Moonte, the dog ran to her property from being thrown with stones by members of the community and she felt sorry for it therefore she left some water for it because there was nothing else she could offer it. Some children told me they suspect they know where the dog came from. I went with them and when we got to the area they weren't sure of the house address. The dog was removed as a stray and taken to the Sandton SPCA for medical treatment and safekeeping.
