VETERINARY PROBLEMS / HEALTH CO	Yes ***	There were two deformed chickens in a cage.
CONFINEMENT OF ANIMALS	Caged - adequate space	Saleyard

General Report Comments: Upon arrival at the property I discovered 3x dead chickens and a rabbit. Two deformed chickens were found in a cage. The dead chickens and a rabbit were placed on top of a cage where there were life animals. The loading ramp was poorly constructed and the shade cloth was not in a good state and position. A written warning was issued and emergency slaughter was done on the two deformed chickens.

ACTIONS

Warning Issued V0190
