General Report Comments: The dog seen in the property appear to be in good physical condition and doesn't appear to be involved in dog fight. The other dog Hennessey that escaped the yard is the one that fought with another dog and has been admitted. I issued a warning WG 0149 to Mrs/Mr Khosi regarding the beating on the dog trying to separate them while they where fighting I told them that is unacceptable they should call the SPCA or find a humane way to separate them like throwing in the swimming pool so that they unlock the jaws or use paper spray. Beating up the dogs is no the solution. They understood. According to Mrs Khosi the dog run out by mistake and fought with another dog that was being walked. I advised them to call the animal behaviorist to teach them how to control their dogs and keep the dogs at the back section when they drive out with their vehicles.
