General Report Comments: Upon arrival one dog was dead and rotten and it appears to be it had more 4 days dead. The owner told me that the dog went missing 4 days ago and she called the dog but it did not come. She checked outside but she couldn't find it. It appears that the dog died in her property and because its very busy they did not find it. When the dog was rotten the other dogs had to pull it. The other 2 dogs appeared to be in a fair condition and the female dog appeared to be underweight because it is breastfeeding. I had to ask the owner to feed the dog 3 times a day and i will monitor and see after 7 days if it changes.
