CHECKLISTS

General Report Comments: I went to the location (public road intersection) to look for the suspects but could not find them. I drove a few blocks ahead to see if I could see them but they were not found. I made a stop at the Boston City Campus and spoke to hawkers next to the bus stop about whether they saw the suspects, they said they saw them passing by three times holding puppies but the third time they were holding the puppies. I left my business card for them to contact me urgently when they see the suspects.
