General Report Comments: I went to the property and met with a lady who identified herself as Mrs Muakana Kalonda came to the front yard from the back when I knocked on from door. I explained the reason for my visit to the property as asked her to take me to where the dog is being kept. We went to the place where they were keeping the dog and found the dog confined inside the dog kennel with a white wooden board nailed shut to the door. She said they are keeping the dog in the kennel confined because the dog kept jumping the fence when left loose in the yard. I advised her that they need to make other arrangements for the dog by heightening the fence or put the dog on a running chain. I also persuaded her to surrender the dog to the Sandton SPCA but he said the dog belongs to her husband who was out of the country and was unreachable. I issued her with a written warning to make these arrangements within 5 days
