General Report Comments: I entered the garden site as the gate it's free-entry open gate. I was attended by the a security officer named Azile Ntshiyantshiya working for a security company named KYA Guards . I introduced myself and explained my reason for the visit. Mr. Ntshiyantshiya was asked about the basic details of the dog and all he could share with me was the only the name of the dog, "Mica". He did not have the details of the breed, gender and vet/medical history of the dog. During my inspection, "Mica" was placed in a cage measuring approximately 3 x 2 x 1, 64 metres in dimension. A kennel, a water bucket(25 litres) and a suitable feeding bowl were provided in the cage. "Mica" was a female, black & tan, adult, German Shepherd Dog who appeared to be in acceptable physical condition. Mr. Ntshiyantshiya presented to me expired documents of PSIRA certificate and PAPA Ilcense . The PAPA License belonged to a company named Zanmarheim K9 Hire including the dog. I issued a Warning to KYA Guards to rectify the document within 12 hours to remove the dog because "Mica" was being worked and operating the security company illegally.
